# New Parks & Rec Connect Site Coming Soon!

The St. Petersburg Parks and Recreation Department is excited to announce the launch of an updated recreation management software system. Many exciting changes will start taking place in the months to come. This updated software system will include a completely redesigned Parks & Rec Connect site that will provide online registration and payments for activities and camps with no additional convenience fees.

Additionally, through Parks & Rec Connect, customers will be able to login online and request reservations for facilities such as rooms, gymnasiums, and picnic shelters. During this transition process, all rental payments will need to be paid in full at the time the request is made. Once the new software is fully operational, payment plans will be available again. We apologize for this inconvenience, but we are looking forward to the many benefits that the new system will offer to our community.

Stay tuned for more updates regarding the new system on our website at **www.stpeteparksrec.org/news**.
