NATURE SUMMER CAMPS

Adventure awaits!

Bug Camp (Ages 7-12)
Learn about all the amazing bugs that call Boyd Hill Nature Preserve home and how to identify the common bugs of Florida.

Craftsman's Camp (Ages 7-12)
Explore a variety of useful crafts that can be made using materials found in nature.

Nature Adventure (Ages 7-13)
Campers learn about Florida's habitats and their inhabitants, get dirty during dipnetting, observe wildlife while hiking preserve trails and acquire basic birding skills. Every day includes natural history topics and exciting adventures, crafts and activities.

Outdoor Skills 101 (Ages 7-12)
Learn the fundamental outdoor skills through various activities from basic navigation to identifying poisonous plants.

Pioneer Camp (Ages 7-13)
Campers experience a time when family, friendship and character were as important as food, water and shelter. Young pioneers learn, through activities adapted from the Association for Experiential Education, to foster team building, leadership and self-esteem.

Raptor Camp (Ages 8-12)
Campers have up close encounters with live birds of prey including owls, hawks, vultures and a bald eagle. Learn the important role these apex predators play in the environment as well as how to care for and train them.

Snakes of the Sunshine State (Ages 7-11)
Campers will interact with and learn the importance of the most misunderstood animals on the planet— snakes. Campers will gain exposure to the natural world through crafts and activities.

Songs and Sounds (Ages 6-9)
Campers learn music, create handcrafts and find art and melodies in thee trees, plants and critters.

Sprouts (Ages 3-4)
A camp filled with songs, stories, games and nature walks! Campers enjoy habitat investigations and activities that will demonstrate our connection to nature. Children must be potty trained.

Surviving the Wild (Ages 6-13)
Campers will learn how to identify and collect wild, edible plants and learn how these plants were traditionally used in Florida.

Turtles of Tampa Bay (Ages 7-9)
Campers learn about turtles and their importance in a scientific but fun setting, including crafts, activities, interaction with captive animals, and observing wild turtles throughout Boyd Hill Nature Preserve on daily nature hikes.

World of Wildlife (Ages 7-11)
Campers learn about important ecological concepts, such as food webs, predators, prey and how humans can coexist within nature through daily nature hikes and activities designed to offer a getaway into the world of science.

Young Naturalist (Ages 5-6)
Explore the natural world and exercise personal creativity through art and melodies from nature.
