

NATURAL HISTORY SPEAKER SERIES

“Life Cycle of Butterflies”

Tuesday, October 8 at 7 PM

Lake Maggiore Environmental Education Center at
Boyd Hill Nature Preserve

Program:

Would you like to learn how butterflies survive from egg to adult? Join us as our speaker discusses the strategies they use to survive.

Speaker:

Paul Trunk, Clearwater Audubon Society

Paul Trunk has been birdwatching since the age of 15 and watching dragonflies since 1986. He is a member of the Clearwater Audubon Society and a field trip leader. He conducts regular walks at Brooker Creek Preserve and has been a science teacher in Pinellas County for over 32 years.
